

Syringe Pump ASSESSOR Training

This session is to train Registered Nurses within NHSGGC DN Teams who have been nominated by Team Leads to be Syringe Pump Assessors.

IMPORTANT

Staff attending this training must meet the following criteria:

- Minimum 1 year experience as a community nurse
- Must have attended a Full Day Syringe Pump training and be up-to-date with attending the Half Day Syringe Pump update training every 3 years
- Must be up-to-date with the CME T34 Calculations (GGC:100) Learnpro module
- Syringe Pump Competency Framework must be up-to-date

PRIOR to attending the training, staff will need to email us a photo or scan of **Page 2** of their latest Syringe Pump Competency Framework document. (*As this page states when you last completed the Learnpro module and attended mandatory training*).

Please ensure you meet the above criteria before requesting a place.

Date & Time:

Wednesday 7th February 2024
1.00 – 3.00 pm

Venue:

This session will be held online
(*Microsoft Teams*)

To book a place:

Booking link: <https://link.webropol.com/ep/Assessor-training-07-02-2024>

You will also need to send us Page 2 of your completed Competency Framework, as detailed above. We will only send you the joining link AFTER we have received this from you. Thank you.
